I also had an interview with Spongebob Squarepants himself!
here's interview and explain on what ToK did to his live in Bikini Bottom:

I also interviewed ToK's friend that got harassed by her
Here's our interview:

As we see harassment from ToK was extremely awful, people who follow ToK should unfollow her right now, it's a criminal (not sure why her friend uses "he" to her)

Please report all her accounts you know
